PROFESSIONAL PROFILE

Focused and passionate experienced Airline pilot with over 12+ years of experience working in the two of the largest airlines in Brazil, operating Boeing 737 -700/800/Max MAX and Airbus 320 model aircraft.

Vast experience in teaching different subjects such as Flight Theory, Meteorology, Air Traffic Regulation, and Air Navigation.

In addition, I worked as a Certified Flight Instructor accredited by the National Civil Aviation Agency, having flown over 1,000 hours in that position.

Besides flying as a Boeing 737 first officer at Gol Linhas Aereas, I am also an instructor in the Aeronautical English Phraseology department at English4ICAO School, preparing pilots for the English Language Proficiency Exam at ANAC. This course is essential to train aircraft pilots to obtain proficiency in the English language, allowing them to perform international flights. At the same institution, I had the opportunity to develop teaching material for the Aviation English Experts Phraseology and ICAO Preparatory course.

Member of AOPA - Aircraft Owners and Pilots Association and EAA - Experimental Aircraft Association Inc.

WORK EXPERIENCE

GOL LINHAS AÉREAS2014 - PRESENT MOMENT
- First Officer

English4ICAO - Aviation English Experts.....2014 - PRESENT MOMENT
- English Phraseology and ICAO English Proficiency Instructor
