Pan Am International Flight Academy  
Instructor Recruitment

Hiring Team Members,

I am a retired Part 121 major airline Captain, typed in the B737 (NG and classic experience) and the MD-82/83 (DC-9) series. I started my major airline career at the original Pan Am. Attached is my resume.

Since retirement, I have been giving flight and ground instruction under Part 61 in light general aviation aircraft, and actively flying VFR/IFR in my personal light single airplane. In addition, I have prepared both iPad and computer-based MS PowerPoint presentations on aviation topics, which I have delivered to local aviation groups.

I would like to be considered for an ATP-CTP, Ground or any other available instructor position that suits my background and experience.

I look forward to discussing these opportunities with you.

Thank you,

Joseph J(Jim) Barnosky
